

**CCHS Newsletter Addition:**

*This should have been included in the June Newsletter, but because of the email address change there have been some problems with my getting the articles and other information. Also, it has been brought to my attention that the final exam dates are incorrect on the June calendar list on page 2. The correct schedule is on page 4. The rest of the calendar is fine. All students will be getting a final exam schedule in homeroom. Exams are June 17, June 18, June 21, and June 22.*

**CCPOPS**

The bus rides to and from Virginia were long, but well worth it for the experience that the chorus students enjoyed at the North American Music Festival. The Men's, Women's and Select Ensembles now proudly display 'superior' medals, and the 'excellent' ranking of the Concert Chorus is well deserved. Congratulations to Chuck Brown, Isaac Brody, Leslie Bates and the students. All performances reflected your dedicated effort! Our thanks to the chaperones and 'parent observers' who supervised and provided support during the four days, and special thanks to Nurses Kathy Terwilliger and Nancy Twomey. The CCHS students represented our community with good manners and stellar behavior every single second! We applaud their maturity as well as their musicianship.

Orchestra families celebrated Mother's Day at Tanglewood, as the students performed in Ozawa Hall. This honor is conferred upon MICCA gold medal recipients. Andrei Sobchenko has inspired the Orchestra musicians to perform with precision and passion. Happy Goethert, Marilyn Brady and other parents have provided wonderful support. Congratulations on a successful year!

There is still time to enjoy wonderful performances and engaging camaraderie before saying good-bye for the summer. Please join us:

My personal thanks to Louisa Coleman, Sharon Trainor, and the CCHS Administration for their patient help, and to everyone who makes CCPOPS such an amazing organization. Best wishes to President Margie Zuk and the '04-'05 Board & Chairs who will continue the tradition of CCPOPS: "For the kids, with the kids, about the kids."
