

**The CCHS Parents Association's  
2008 - 2009 Annual Appeal Campaign  
is underway.**

Michael Vela, CCHS Science Department Chair, comments on past PA grants for the Science Department.

*"The grants awarded by the parents association have made a significant impact on student learning and curriculum in the science department. As a result of your generosity, our teachers have been able to attend national science conferences, purchase state-of-the-art equipment, and keep up with the latest techniques in rapidly changing fields such as forensics and biotechnology. In addition, your support for the science olympiad team has made it possible for us to compete at a high level."*

Each and every CCHS family is encouraged to contribute. Please make your check payable to the CCHS Parents Association and mail to:
